Dear Arrowmen,

We have had a great year and I can guarantee with all the hard work we will have a great Conclave. All of my thanks to my Conclave Vice Chiefs, my New Lodge Chiefs, and my Officers. We have done well so far but, now it's time for the push towards Conclave. I cannot stress enough how important promotion on this event is. Please ask everyone that is in the Order of the Arrow that you know to get a registration form in. This is most important to our success and I know that we can do it!

One Day of Service

" The Southern Region's One Day of Service program was started in 1996 to better meet the goals of the Order's new strategic vision. One Day is an opportunity for every lodge to do meaningful service in their communities – all on one day! Wondering about the benefits of the One Day of Service program? Well, in addition to performing cheerful service, One Day allows local chapters and lodges the opportunity to give something back to their hometown benefiting hundreds of towns and

communities across the nation. The most recent One Day of Service was set to be on October 20, 2007.

Pellissippi Lodge held a food distribution for the less fortunate for its One Day of Service. Early in the morning, the food was set out in a church parking lot so all of the recipients could walk the "U" shaped path to pick up the food they needed. The arrowmen stayed busy the whole morning; they unloaded food from an 18-wheeler

and they helped the people pick up all of their food as they went through. At noon all of the food was gone and everyone felt great knowing they had done such a great service for their community.

If you did not participate in the One Day of Service of 2007, be sure to do it this year! "

Cheerfulness

Cheerfulness, as addressed in the past issue of the Quiver this year all of the issue will revolve around the basis that our order is based upon. Cheerfulness can be described as the act of being full

of cheer. Cheer then can be defined as gladness or a state of good feelings or gladness. From this definition I next can attempt to apply the way cheerfulness applies to our Order. The description given to us is The Brotherhood of Cheerful Service, cheerfulness in this since is describing the state of feeling we should have during the service we perform. Nearly every time service is described or asked of you during the Ordeal ceremony it precedes the act of service. This should send an indication to the importance of this cheer. The service that you or your lodge performs can be useless. Just remember as you were charged at the end of your ordeal Ceremony." ...Build upon the fires of cheerfulness... When you have done these things, you will again find your self before me, prepared to see the full meaning of the Arrow."

Arrow Corps 5

What do you see yourself doing during the summer of 2008? Sitting at home, complaining you are bored, waiting for summer camp week to get here? Wouldn't you rather be a part of something big? How big, you ask? How about 5 US National forests, over 5

weeks, with 5,000 Arrowmen? *ArrowCorps5* is the largest, most complex, most challenging conservation project ever conceived by the Order of the Arrow. Over 8 days you will have a chance to participate in a variety of activities that may include trail building, brush removal, cleanup activities,

reconstruction, and one fun-filled action packed day of adventure. These projects will have a lasting impact for generations, allowing tens of thousands to enjoy the efforts of *ArrowCorps5*.

Wait! What? You are going to be over the age of 21 by next summer? No problem! For the first time ever adult Arrowmen will have the opportunity to participate in a high adventure like atmosphere with the youth Arrowmen. No, it is not Trail Crew, nor Wilderness Voyage; but *ArrowCorps5*, our largest conservation project. Only 1,000 youth and adult Arrowmen will be selected for each site. Do not delay, follow the directions below and become a part of history!
